### **Facility:**

The absence of telephones and televisions in the rooms, cabins, and dorms makes Galilee the ideal retreat center. A telephone is available for emergencies. Smoking is not permitted on the property due to the many pine trees on the property and the high fire risk in the Tahoe basin. The meditation hall will be the newly renovated Hunting Lodge. It is a free standing house with a stone fireplace and breathtaking views of Lake Tahoe. Meals are served buffet style in Jenkins Dining Hall or on the picnic benches outside. There is also an outdoor amphitheater, on the lake's shore, which provides seating under the pine trees. Kayaks will be available for meditative rowing.

### **Accommodations**

Galilee can provide summer camp style lodging and can accommodate up to 70 people; we will be using only about half of that capacity, so that the accommodations will be somewhat spacious. Single accommodation may be available and is dependent on retreat size. Most retreatants will have one to three roommates. Tent camping is permitted.
